

Speaker Series Submission Form

Organization: _____ Date: _____

Address: _____

Contact Person: _____ Ph: _____ Email: _____

Proposed Title of Presentation:

Description:

Proposed Speakers:

How will this presentation further the mission of the Health & Wellness Council and benefit Chamber members and/or the greater community?

Procedure:

1. Fill out speaker series presentation form and forward to Anne Marie Boger, Health and Wellness Council staff liaison, aboger@bestchamber.com
2. The Executive Committee to the Health and Wellness Council will review any requests at their monthly meeting and the contact person listed above will be contacted within 3 business days of the meeting regarding the status of the presentation submission.

(Over)

Speaker Series Guidelines:

1. This is not a selling opportunity
2. All proposed topics must support and further the mission and vision of the Health and Wellness Council as stated below. The goal is to serve as an added value to chamber members and the greater community.
3. We recommend no more than three panelists.
4. If your submission is accepted and your speaker engagement is booked, please submit a final session description, speaker's names and biographies to the Health and Wellness Council Chamber liaison no less than two months prior to the scheduled event so as to allow for ample time to publicize the event.
5. Each event provides an opportunity for a breakfast sponsorship, providing the meal and 5 minutes after introductions and prior to the speaker (s) to highlight the sponsors business. As the company providing the presentation you may sponsor the breakfast if one has not already been secured.
6. We also ask that you share the speaker series flyer for the presentation you are putting together with your business and if applicable your personal network of associates and friends. If you would prefer to provide an email list for inclusion in a chamber driven e-blast, we will be happy to accommodate.

Speaker Presentation Recommended Topics:

1. Employee Wellness Programs and Ideas
2. Topics that educate and raise awareness within our community surrounding the greater good health and wellness
3. Demonstrations, Interactive Sessions to raise awareness or give take home tips to attendees
4. Presentations on "what's in the news"
5. Topics addressing top challenges to our community as identified by governments or leading community organizations
6. Financial wellness
7. Employer tips and education

HWC Purpose Statement:

Provide education, networking, and other resources to chamber member companies and our greater community to cultivate and sustain a culture of health and wellness in the workplace.

HWC 2017 Initiatives:

1. Workplace Wellness/Speaker Series
2. Community Outreach
3. Successful Aging
